Comment: Sadly this area is already over densified. The volume of traffic currently is unacceptable. The additional impact of a large development like this is going to break an already inadequate drainage system, road network with little parking and flys in face of public policy. The vast increase in noise and pollution from the construction process and high amount of potential residents it will bring is unacceptable to existing residents and cannot be allowed to detriment the lives of those living in the surrounding streets. There has to be factored into a refusal.
