Comment: I object to this application on the basis of it clearly not providing adequate parking for the number of units thus having a major impact on the existing residents of surrounding roads. The overall number of units within the development is concerning - the impact this will have on the small local area will be significant in many ways including traffic. It's also concerning to see that, at this scale, the units will obviously overlook just about every existing garden and house it's built between. This land clearly will be developed but I'd suggest significant work needs to be done to this application before it's suitable and reasonable for this space.
