Comment: I am very concerned at the number of dwellings on such a site, this will cause traffic flow of new residents that the area just can't handle. Copse Road and Anyards are already at bursting point at key times during the day and for a resident on one of these roads it makes it very difficult to access our home or get out with ease at times. Not to mention the disruption the building of the site will cause. I am all for new housing in the area where the plans are suitable for the site and adjoining roads.
