Comment: I am concerned that replacing a quiet bungalow and some garages with so many three bedroom houses will directly affect my quality of life and right to light. There will be no sun hitting my garden even on the longest day of the year. I will also be massively overlooked so I feel my privacy to use my back bedroom and garden will be directly affected. I am also very worried about the already very busy road junction between Portsmouth road and Anyards road particularly but not just during the development dates because the effect on the traffic will continue with people accessing the development. I would also like to object to the noise smell and general disturbance this development will bring and the overall effect on air pollution and generally do not believe this development will enhance our area.
