Comment: I am concerned that replacing a bungalow and garages with the current proposal (which does not seem too dissimilar to the previous application) will have an adverse effect on Parking - Currently Parking is at a premium already and by removing garages and then adding additional dwellings it will only add to a existing parking problem , my biggest concern is loss of light ,overshadowing , noise . overlooking and loss of privacy - no thought or consideration for the adjoining home owners gone into the deign or this application - once again another greedy developer trying to maximise profit
