Comment: This application will greatly improve an area of Oxshott High Street that has been neglected. The buildings in the area are tired, and do not provide a pleasant welcome to visitors who may want to spend time in the village, losing footfall for the businesses who are doing their best there.

The area continues to be empty and not used for the “important social gatherings” previously mentioned.

If this application is denied, it will simply lead to one end of Oxshott being further neglected.
