Comment: After living in Oxshott in over 10 years, we feel our High Street is in desperate need of regeneration and this application should be supported by Elmbridge in order to create a much needed boost to our Village living.

Over the past few years there has been improvement to our High Street, with limitations because of the declining buildings not being attractive for potential business to rent space. May we say that these buildings are rather shabby and deteriorating. With the efforts seen on our high Street to make a positive impact on the community, we believe this project is very well thought out with the upmost consideration for all the local residents.

We strongly support this application.
