Comment: Having looked at this re-submitted application, I can see that many of the points that caused the previous application to be refused have been addressed.

I am very worried that, should this application be refused again, the refurbishment that some in Oxshott prefer, will include a 2 storey extension above this '60s monstrosity, under Permitted Development. Or worse still, we have a fight with a supermarket chain to build one of their smaller stores, which will kill our local shop trade. Just look at the Co-Op in Claygate!

I know that when this site gets developed there will be disruption, inconvenience and noise BUT this will happen whatever gets built.

This building is stylish, if still a tad imposing, but such a better fit with Oxshott than what is currently in-situ.

As an Oxshott resident for over 30 years, I fully support this application.
