Comment: I believed that the applicant has done many wonderful things for the village, so this is in no way personal.

I object to the latest plans for the same reasons as before. Overbearing structure. The existing pavement area should, in my opinion, not be compromised because of the business of the road. The area is used by the people of Oxshott and visitors.

As I said before, I know that progress is a good thing, but the disruption caused by the construction of this proposed property is going to cause so much disruption.
