**Comment:** Dear Councillors

The previous application 2023/1026 was rejected on the grounds of excessive height and bulk causing harm to the oxshott village scene . This fresh application would indicate a reduction in height of just over 1% so should be rejected on exactly the same grounds. The proposal remains a four storey one and I understand the planning rules stipulate a maximum of 2 1/2 storeys . It is interesting to see that the majority of those supporting the application reside outside the oxshott area . I totally support these buildings having a refurb and keeping the same square footage which would have the same benefit to the village. This proposal will bring little or no benefit to villagers and I am totally opposed

Yours sincerely

John Sandford
