**Comment:** I object to the planning as it is totally out of keeping with the area. The development will be too tall and could create a 'wind tunnel' effect in the high street and also could magnify the traffic sound effect in the high street. It will also be very intrusive to the residents of Midgarth and could overlook all the gardens going down Oakshade Road. I have lived in my house for 43 years and have seen a number of redevelopments and have accepted them as part of a need for the community, this one is the only one I feel strongly enough to object too. I feel that the excessive residential development is purely to make profit for the developers and not necessarily to the benefit of the residents of Oxshott. The reduced width of the pavement is also detrimental to our environment.
