Comment: I object to this planning application because the proposed building will be too high, too prominent and too close to existing properties. The trees and greenery in the vicinity will be damaged or removed, or simply die from undermining of their roots in the excavation process, loss of light, air and water, caused by the works and proximity of an enormous building.

Oxshott is a village and should have buildings in keeping with its character.

I live in another area now but have family connections to Oxshott area and do not wish to see it spoiled.

Thank you for your consideration.
