Comment: After yet another winter of many days when Burhill GC had to close the New course due to the Mole flooding the land, for Burhill to save that water in a reservoir for those summer months when hosepipe irrigation of the course is prohibited seems perfectly logical. It also would keep Burhill golf club in very high opinion of the golfing world, a real feather in the cap for Elmbridge. Please consider this comment as enthusiastic support of approval of the project to create this new reservoir.
