**Comment:** I fully support the application for a second reservoir at the club. The increasing frequency of flooding the course during the wetter months has resulted in a lot more course closures. In my opinion the 2nd reservoir will help with reducing this occurrence and will also help the club to keep the course in much better playing conditions over the summer months. Furthermore it will help to improve the standing of Burhill as a prestigious club in the UK which also will have a positive impact not only on Elmbridge council, but also the surrounding areas.
