**Comment:** Apart from the building being out of keeping with the rest of the village due to the size of the proposal, I would envisage big problems exiting Oakshade Road onto the High Street. Parking will become a problem for staff working in the retail outlets and in all probability they will end up parking at the top of Oakshade Road. It is difficult enough now trying to get out if cars/vans or lorries are parked in the lay-by blocking out your vision of cars travelling from the right. If parked cars add to the hazard, it will be an accident waiting to happen.
