**Address:** 23 Waverley Road, Stoke D'Abernon, Cobham, Surrey, KT11 2SS

**Comment type:** You object to the planning application

**Date of comment:** 28 Mar 2024

**Comment:** I strongly object to the above proposed development as I do not think it is in keeping with our village. Why does the new building have to be taller than any other building in the High Street, let's keep it a village. Car parking is extremely limited so to lose more places means that more people will be wanting to park down Oakshade Road (which is a school road) when visiting the village. People already park illegally at the junction of Oakshade Road and the High Street which obstructs your view when joining the High Street from Oakshade.

Also concerned that we would be losing the pavement area outside the proposed development which has two trees, the millennium clock and a bench for people to rest when they visit the village which makes it very attractive. Delivery vans parking in the very small lay-by would also be detrimental, to our village scene. We already have huge amounts of traffic coming through the village so to lose any more parking spaces would not be helpful. Families these days very often have more than one car, where will they park?
