Comment: Having lived and grown up in oxshott (and frequently returning for family visits) this seems like a massive encroachment upon a lovely wide highstreet. The proposal will reduce paving space for local activities that bring the local community together (such as christmas lighting displays). The mass development will also result in further drainage and flooding issues for oakshade road and steels lane.

The application also provides to reduce 5 commercial units to 4 which does not propose regeneration, rather limitation.

I object on the grounds that this planning application will reduce community activity, reduce commerciality, and increase flooding.
