**Comment:** Whilst I agree Heath Buildings does need to be updated I don't believe this design is appropriate

The height, bulk mass and design does not sit easily in a village environment

It would also cause loss of privacy to neighbours

Whilst the roof level has been softened under this application. I don't feel it has gone far enough.

With the intrusion onto the outside pavement, It will banish Oxshott to being 1 1/2 pavements.

I therefore object
