Comment: Having looked into the outlay for this proposed development I have to say I'm astounded that this is even being considered.

With the addition of 26 residential dwellings along with the residents these will bring there will be a minimum of 1/2 cars that all need parking. The surrounding area is already on street parking which can sometimes make it a struggle to park near your own home, let alone with the addition of a minimum of 26 more cars.

If each property has multiple cars that could mean 50+ car's vying for what is an extremely tight squeeze anyway.

Also our garden and all of the neighbours surrounding the development will lose all of our privacy due to this application, it's like a giant town being built in the middle of us all.

With flats as well as houses being proposed here I fear for the amount of garden facing windows that will lead to us all living lives in our on homes with the curtains constantly closed, it's no way to live.
