YOUR COMMENTS ON THE CASE

This application should be rejected as per our local council. Weybridge and Walton already have many flats and we do not need an extra 33. There are over 250 flats available to buy today so why do we need more. Oatlands Drive has now become one of the busiest roads in the area with traffic tailing back for up to a mile trying to filter onto Walton Bridge. There is no need to add to this congestion. The building of these flats will result in more trees being pulled down, wildlife being disturbed and yet more light being lost in the area. The area is already overpopulated with flats and Elmbridge are within reach of their building targets. This does not need to happen and is driven purely by money. There is no infrastructure to support the people who would move into the flats already we cannot get Doctors appointments and waiting lists at hospitals are horrendous and the area cannot take more people.

This appeal should be rejected.
