Comment: Further to my original objection and the subsequent amended plans, I still strongly object to the development of the land off Anyards Road and Copse Road. These amended plans will make no difference to the enormous amount of traffic that currently passes through Anyards Road & Copse Roads which is used as a short cut either to the High Street or away from the High Street to get onto the Portsmouth Road.

The issue of parking has not been addressed. The parking that has been proposed is not adequate and will therefore mean that the surrounding roads will take on the overflow. Parking is already at a premium in Anyards Road, Copse Road and other roads in the area. This development with its minimum number of parking spaces will put even more stress on the current residents.
