Comment type: You object to the planning application

Date of comment: 20 May 2024

Comment: I object due to the following reasons:

Loss of light - My whole house and garden will be directly affected by building at end of plot. It will mean my garden through out the year will lose the sunlight. This will directly affect the bio-diversity of my garden.

Right to light - This property has had right to light for 20 years and therefore we are protected by right to light law.

Density of housing would cause Increase stress on local amenities and parking, leading to more pressure on surround roads.

Loss of privacy - My garden and house will be over looked by the property at rear.

Highway safety - Entrance would increase the danger on roads.

Lack of time to object
