Comment: As a family of 4 with 2 small children we object to this planning application as we believe this project is not beneficial to any of the local residents nor will it benefit the area.

The building works will be disruptive and cause heavy traffic on the small local roads as well as the noise over the next couple of years.

We feel we will also be overlooked by these new properties which is not good for our privacy especially in our garden and even have some overshadowing.

The area is congested enough as it is with limited numbers getting into Cobham Free School and thus certainly won't help that situation.
