Comment: the new plans have hardly changed, only the shape of roof. again I emphasise the the building is very high taking the privacy of the houses around (back) . Oxshott high Street is congested enough (unbearable) at present to build an apartment building as huge as the one planned, that will only add to the problems we presently have. This is just for greed of a construction company. Oxshott high Street already has all the amenities a resident would want, and if we needed more Cobham and Esher are close enough. please don't take away the beauty of this area with massive buildings, is already bad enough that on the Crown Estate builders are buying and splitting plots, just for an extra buck. all this will affect such a beautiful area, and disturb the wildlife too, it would be a great loss.
