Comment: I am strongly opposed to this proposed development. I realise that my objection is late but I was out of the country until 20/05/24.

1) loss of light to not only my property but also many of my neighbours, plus at the moment I have complete privacy and with the proposed plans the 3 story house closest to me will be able to see into my garden.

2) parking in the copse road and Anyard road at the moment is appalling it is inevitably only going to get far worse as it doesn't look as if there is going to be enough private parking provided bearing in mind most households now have two cars .

3) I have yet to meet one person who agrees with this proposed development I therefore strongly advise the planning committee to think about the legitimate concerns of the local community.
