Comment type: You object to the planning application

Date of comment: 22 May 2024

Comment: In response to the 'one' amendment to the last submitted plan, our many concerns and objections still stand. We reiterate our objections as previously submitted and which are included in your list of guidance to planning application objections.

The developer has only tried to resolve only one of many issues raised and that in itself has caused more concern on safety for school children, impact of parking, loading and turning.

The impact of this on no 10 and 14 Claygate lane with regards to loss of privacy, security, disturbance by traffic is totally unacceptable.
