Hi MaΣ,

The refuse vehicle would be able to use the red hatched section as well as this would be shared space for vehicles and pedestrians. Once that is included the access is 4m wide.

Hi jack,

On the amended plan it has 3M on part of the plans see screen shot below

Thanks

Hi MaΣ ,

Hope you are well.

I have just seen your comments on the above and just wanted to check which section(s) of the access don't meet the requirement as it is 4m wide for its entire length I believe? I have just measured it and with the shared access which is for vehicles to use as well at times it is 4m wide?
