**Comment:** This is such a long overdue improvement to the club and area. It support thousands of young people in a large area in sport but planned improvement will provide much better facilities and make it more attractive, safer, more environmentally friendly and sustainable. considering how many children and young people use the club, the new clubhouse will be a welcome to thousands of family member and hopefully continue to encourage more young people in to sport by providing a lovely place to spend time (instead of drinking beer in the parks)

The car park design is also a huge improvement - much greener and aesthetically pleasing so will no doubt add a nicer outlook to the neighborhood.
