Comment: Surbiton HC in Elmbridge is one of the most inclusive, largest and most successful hockey clubs in the UK.

As such the Club often hosts European tournaments and requires a clubhouse that reflects its position in England & European hockey.

However, it is the size of the playing membership that requires a modern, energy-efficient & sustainable facility to add to its recently added training pitch for its younger player.

The health & fitness benefits of hockey, as well as the teamwork, social & leadership skills that the game can instil in our young people are obvious to many, and it is for these reasons that I support this project.

I hope the plans & suggestions meets the approval of the Planning Committee.

I write as a supporter of women's sport and of the Club and which I enjoy attending on several Saturdays throughout the season.
